HTML/HTML5	CSS/CSS3
JavaScript	SASS
Bootstrap	Semantic UI
React JS ✨	Prototyping
Wireframing	UX/UI research

TOOLS

Figma	Webflow
Adobe XD	Photoshop
Excel	Canva

PERSONAL PROFILE

Enthusiastic, self-motivated, curious, and critical thinker who loves to solve problems and is eager to keep developing professionally in an energetic and positive environment.

I am currently working in the financial sector and slowly but surely transitioning into IT. As a beginner-level front-end developer, I am seeking an opportunity to work in a new surroundings, learn new skills and improve my current ones.
