PERSONAL PROFILE

An economics graduate who transitioned into the IT sector. After working for three years in finance, in 2022 I started working as a junior front-end developer.

IT EXPERIENCE

Vox Teneo Skopje

Junior Front End Developer | february 2022 -

Implementing design to code on various .net and PHP websites and web applications.

My assignments were focused on styling, responsive design, email templates, CMS(Umbraco)...

Worked on more than 10 projects, most notably the Vox Teneo website, D'leteren, Natura 2000 Awards (voting platform), Oregon SpeedCut, FANC - Federal Agency for Nuclear Control, Buildtis...
