

SIMONA POSTOLOVSKA

FRONT END / WEB DESIGN

PERSONAL PROFILE

A passionate front-end developer with a focus on crafting intuitive and visually stunning user interfaces, skilled in creating responsive designs. I am a self-motivated individual with a keen attention to detail and a love for pixel-perfect code. With experience in developing websites and web applications, I am always eager to take on new challenges and push the boundaries of what is possible in front-end development.

IT EXPERIENCE

Vox Teneo Skopje

Junior Front End Developer | february 2022 -

Implementing design to code on various .net and PHP websites and web applications.

My assignments were focused on styling, responsive design, email templates, CMS(Umbraco)...

Worked on more than 10 projects, most notably the Vox Teneo website, D'leteren, Natura 2000 Awards (voting platform), Oregon SpeedCut, FANC - Federal Agency for Nuclear Control, Buildtis...
