PERSONAL PROFILE

Passionate frontend developer specializing in crafting intuitive, visually stunning user interfaces. Skilled in responsive design with a keen eye for pixel-perfection. Experienced in developing websites and web applications.

IT EXPERIENCE

KARA5
Frontend Developer | february 2023 -

Developing visually appealing, responsive user interfaces and web page layouts using HTML, CSS, SASS, and JavaScript. Manipulating templates, customizing layouts, and integrating plugins for enhanced website features within October CMS. Utilizing tools like FileZilla and Laragon for efficient deployment of changes. Version control managed through Git/GitHub and GitLab. Projects include Inbox Kitchen, Outbox Kitchen, Abhati Suisse, Sandbox, Ragusa, Spirochem...

Vox Teneo Skopje
Junior Frontend Developer | february 2022 - january 2023

Implementing design to code on various .net and PHP websites and web applications.
My assignments were focused on styling, responsive design, email templates, CMS(Umbraco)...
Worked on more than 10 projects, most notably the Vox Teneo website, D'leteren, Natura 2000 Awards (voting platform), Oregon SpeedCut, FANC - Federal Agency for Nuclear Control, Buildtis...
